OVER-SIGNATURE REQUIRED ON BACK!!!

**MidMichigan Community Health Services
2022-2023 School Based Health Center Consent Form**

*****Form must be complete and signed to be valid*****

Please read the following statements and be sure that you understand each statement: I give consent for my child to receive services as indicated below in this document. By signing this consent I certify that I am the legal guardian and legal custodian of the above listed student. I understand I may withdraw my consent at any time with written notice and I understand it is my responsibility to be sure the Health Center has received my withdrawal of consent.

I further authorize the Health Center to release information regarding treatment to other medical or mental health providers when needed for coordination of care, or to third party payers or others for purposes of receiving payment for services. I further authorize both the Health Center and my child's primary care provider to exchange health care information for the purpose of continuity and coordination of care. I give permission to the Health Center to obtain a copy of my child's immunization record from the MCIR, the school office or the local health department and make updates as needed. As recommended by the American Academy of Pediatrics, a routine risk behavior screening will be provided by the Health Center.

The School Based Health Center may conduct services via Telehealth on an as needed basis depending on availability. By signing the consent form, you are giving the School Based Health Center permission for your child to participate in Telehealth services with a School Based Health Center provider regarding a medical or mental health condition on an as needed basis with the understanding that this information will continue to be treated in a confidential manner.

I understand that testing for blood borne diseases, including HIV/AIDS may be performed upon a patient without a separate written consent in the event that a healthcare professional from the Center sustains exposure to blood or body fluids from the patient's open wound, mucous membranes or occupational hazard.

I understand that as an entity of MidMichigan Community Health Services, the School Based Health Center participates in and recognizes the rules of the Health Information Portability and Accountability Act (HIPAA). In general, the HIPAA privacy rule gives individuals the right to request a restriction on uses and disclosures of their protected health information (PHI). The individual is also provided the right to request confidential communications or communications by alternative means such as to a cell phone instead of the home phone.

The School Based Health Center may confirm, for school attendance purposes only, the dates and times that a student was in the center. Protected Health Information is exempt from this communication.

I understand that though there may be an affiliation between MidMichigan Community Health Services and the University of Michigan/Michigan Medicine and MyMichigan Health, neither MyMichigan Health, nor the University of Michigan/Michigan Medicine direct or control the medical care provided to me at MidMichigan Community Health Services. I also understand that the caregivers who deliver my care at MidMichigan Community Health Services are not University of Michigan/Michigan Medicine or MyMichigan Health employees, and neither the University of Michigan/Michigan Medicine, nor MyMichigan Health are legally responsible for the clinical care I receive.

Student Name:	Grade:
Parent/guardian signature:	Date:
Printed Name:	
*Parent E-Mail Address:	

*Optional: Will be used for School Based Health Center Listserv and Marketing Purposes ONLY

Parental consent is required for the following services provided the student/patient is under the age of 18:	Current Michigan Law allows for confidential services to minors in these areas:
<ul style="list-style-type: none">➤ Physical exams for school, sports and camps.➤ Treatment for acute & chronic illness & injuries➤ Vision/hearing screenings and follow-up➤ Immunizations➤ Basic laboratory services & tests➤ Administration of medication➤ Mental Health Services➤ Referrals for specialty services	<ul style="list-style-type: none">➤ Gynecological services➤ Pregnancy testing and referrals➤ Sexually transmitted disease screenings, treatment and counseling➤ HIV screening and referrals➤ Physical/sexual abuse counseling and referrals➤ Crisis Intervention➤ Substance abuse education, counseling and referrals➤ Mental health assessment, counseling and referrals

Parental consent is not required for crisis intervention and emergency care.

Current Michigan Law PROHIBITS School Based Health Center from:

Distributing or prescribing birth control pills or devices, or giving abortion counseling/referral information.

This School Based Health Center is sponsored by MidMichigan Community Health Services with funding from the Michigan Department of Community Health, and the Michigan Department of Education.
